INT. FINGERPRINT STATION - CONTINUOUS

Black ink. Cold glass.

Church presses finger after finger where he is told.

The technician barely looks at him.

TECHNICIAN

Roll.

Not flat.

Roll.

Church does it.

Watches Jamal at the next station charming a female clerk
with two low sentences and a polite smile.

She almost smiles back.

Hot Shot notices too.

HOT SHOT

Man, look at him.

Even jail like this dude.

Jamal glances over.

23.

JAMAL

You wasting energy.

Save it.

Hot Shot wants to say more.

Does not.

That surprises Church.
